

Eco-friendly and filtered
leaves a better taste in the mouth

Choose from 2 hot water options

Key Features

- Energy efficient water boiler
 - 5 and 10 Litre rapid draw off 28 Litre per hour
 - Compact footprint
 - Plumbed into mains supply
 - Saves £100's per year in time and energy
- Cool touch to outside
 - Fully insulated tank, insulation is produced to Zero Carbon Emissions and non harmful to man
 - Plastic tank tray minimises heat creep from boiling chamber to outside skin thus reducing energy wastage
 - Maintains higher temperature over night so reducing heat up cost following day
 - More efficient to turn off over night than leave on
 - Electric control
 - Made with over 95% recyclable materials
 - Wall mount bracket available
 - Micron carbon block filter included
